

The MyExcelOnline Academy!

Advance Your Excel Level & Career!

Leverage a vibrant Excel community & structured learning environment that will enhance your Excel level in a few months!

The MyExcelOnline Academy is a proven professional learning system to get you to the next Excel level FAST!

Each valued member goes through the following process:

- **STEP 1**
Each Member takes a short online Excel Skills survey and we place them into one of our 3 courses depending on the results: Excel Beginner, Excel Intermediate or Excel Advanced
- **STEP 2**
Each course level teaches the must know Excel features to increase your skills and make you more efficient: Formulas, Pivot Tables, Analysis, Charts, Power Query, Power Pivot and Macros & VBA
- **STEP 3**
When you satisfactorily complete the assessment quiz in each level (which you can retake as many times as you like until you pass), you receive your Certificate of Completion for that level!
- **STEP 4**
You move onto the next course level
- **STEP 5**
Each month you will receive several brand new Excel video tutorials and resources, so that you can keep you learning new Excel features & tips
- **STEP 6**
We have your back & you will not be alone! You will have full access to our Excel Forum, Live Quarterly Q&A Webinars PLUS dedicated email support from the instructors.

Here's what you'll get once you're inside the student area...

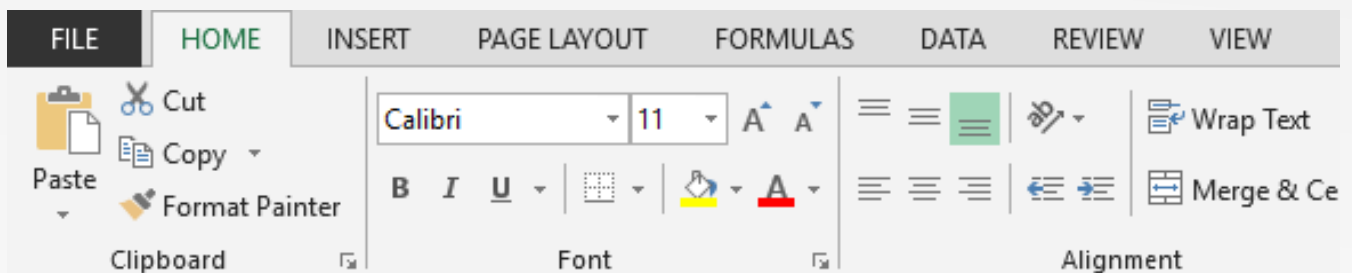

Here is a quick overview summary of all the awesome features that you will receive for signing up to **The MyExcelOnline Academy:**

- **Monthly or Annual Online Access**
- **NEW Excel video tutorials delivered in your course player each month**
- **3 in-depth Excel courses covering Formulas, Pivot Tables, Analysis, Charts, Power Query, Power Pivot and Macros & VBA**
- **Access to over 350 Excel video tutorials**
- **Downloadable Excel Workbooks so you can follow along & practice or skip directly to the answers**
- **Certificate of Completion to enrich your CV/Resume as well as add to your LinkedIn profile**
- **30 Day Money Back Guarantee so you can view the course without any risk**
- **6 x Limited Time Free Bonuses (\$1,928 in value) which include:**
 - Access to our recorded Excel Webinar Trainings;
 - Quarterly Live Q&A Webinars;
 - Dedicated Email Support;
 - Access to our Private Members Only Facebook Group;
 - Access to the MyExcelOnline Forum;
 - Exclusive Member Welcome Pack which includes: A laminated A4 keyboard shortcuts template, an Academy Member mouse pad, pen and sticker!

End Sub
```

Once you enroll in the course you immediately get access to our leading edge course management software. This way of delivering the training helps to make your learning more organized and keeps you focused.

Each video tutorial is **around 3 minutes each, making it easier to focus on each concept that is taught.** You can pause, rewind, speed up and rewatch the tutorials as many times as you like.

You'll be equipped with your own personal student dashboard, an achievements and progress tracker, viewed/remaining tutorials and course author discussions if you need any help.

You won't have to purchase anything additional to participate in the course, everything you need is provided!

Downloadable & Interactive Excel Workbooks to Follow Along and Hone Your Skills

You'll be able to follow us, step by step, and see first-hand how we use the various Excel features, tips, tricks, and strategies to make you a more advanced Excel user.

Of course you'll also be able to download and keep all the Excel workbooks that are shown on each training video to your desktop or hard drive! You can take the workbooks with you anywhere, office, home or even while traveling.

You can follow along LIVE and practice the new tricks and tactics you'll discover, which will build your confidence when using Excel.

You'll also be able to keep and use them as a reference tool that you can go back to later and refresh your memory (hey, we never remember everything the first time we see it, right?).

You'll Get Monthly or Annual Online Access + Monthly Course Updates

When you enroll you get monthly or annual online access (depending on which option you select), from anywhere in the world, home or office ... 24 hours a day, 7 days a week, 365 days a year, year after year...

New video tutorials will be added each month to each course, so you are guaranteed to have fresh content and also be up to date with any of Excel's new features.

These are High Definition quality videos viewable from your PC, Laptop, Tablet or mobile phone.

These tutorials are available to watch at your own pace, so you can get maximum value out of them.

> Certificate Of Course Completion

Once you complete each Excel course level (Beginner, Intermediate or Advanced), you will receive a '**Certificate of Completion**' that you can print, frame, and use to enrich your resume/CV.

This Certificate is also available to put within your **LinkedIn profile & achievements** section for other professionals to see!

30 Day Risk-Free Money Back Guarantee & Cancel Any Time!

We wouldn't dream of letting you enroll in this course without taking all of the risk out of your purchase decision.

We are so confident that you will get lots of value from these courses that you can take them for the full 30 days, study it and apply it to your work to see the results.

If you're not 100% satisfied, we are more than happy to refund the full purchase amount, even if it's midnight on the 30th day!

So give the course a good go, watch all the videos, download the workbooks and ask us any questions during 30 days!

If you don't feel you'll be able to master the craft of using Excel to accomplish your objectives, then contact us and we will refund you your money, no questions asked and no hard feelings as that is our motto with all of the training courses that we offer!

You can also cancel your membership at any time, whether you are in month 2 or 20!

You literally have nothing to lose. Fair enough?

Frequently Asked Questions.

Who should take this course?

- New users, beginners, intermediates and advanced Excel users.
- Anyone who wants to elevate their Excel knowledge & skills
- Professionals working in the corporate world or government sectors who want to leverage Excel for increased productivity, accurate data management and reporting.
- People who want to change career and apply for a new job that requires knowledge of Microsoft Excel
- No prior Excel knowledge is necessary to participate in this course

What version of Excel do I need?

This course was recorded using Excel 2010, 2013 & 2016. Most of the concepts taught are compatible with

- Excel for Windows: 2007, 2010, 2013, 2016
- *Excel for Mac: 2011, 2016*

When does the course start and finish?

The course starts when you pay your monthly or annual membership fee. It finishes when you cancel your membership fee

It is a completely self-paced online course - you decide when you start and when you finish.

You can access the course site from your work computer, home computer, tablet, smart phone or any other device with an internet connection.

The course site remembers your progress, so you can pickup right where you left off on any device. That means you can watch a few videos at work, then continue right where you left off on your home computer.

How long do I have access to the course?

After enrolling, you have access to the course content as long as you are a paid up member and do not cancel.

How long does it take to complete the course?

This depends on how much time you have to spend each day on watching the videos. I recommend watching one or two videos a day, and then practicing the techniques in your job. If you complete one module per week then it will take 6 weeks to complete each of the 3 courses.

Can I download the Excel files used in the course?

Yes! You will be able to download all the files I use throughout the course. This makes it easy to follow along and practice with our data.

Can I watch the videos on my iPad or tablet?

Yes, the course can be accessed on any tablet or smart phone, and it looks beautiful. You can watch the course on your iPad or Tablet while following along with the Excel files on your computer screen.

How do I ask questions and get support?

Each video has a discussion section. You can use this section to ask questions and see what questions other students have. We will be there helping to answer your questions.

You can also find answers to your questions on the MyExcelOnline Forum which all members have access to.

You can also send an email to our dedicated email support if you cannot find your answer.

Can my employer pay for my enrollment?

Yes, you can use your company's credit card to pay for the course. A receipt will also be emailed to you that you can submit for reimbursement to your employer. Most companies are willing to invest in making their employees even more awesome at Excel!

Can I purchase multiple memberships for my employees?

Yes, there is a team package available at a discounted price. This package includes 3 memberships to the course for you and your team members. Each team member will have their own account and be able to track their progress in the course. Please contact us (support@myexcelonline.com) if you would like to register more than 3 members.

How often will I be billed?

Monthly option - When you make your first payment, you will automatically be billed every month e.g. So if you enroll on the 15th of the month, you will be billed on the 15th of each month

Annual option - When you make your first payment, you will automatically be billed every 12 months e.g. So if you enroll on the 15th of the January 2018, you will be billed again on the 15th of January 2019.

You can cancel your membership at any time.

What is your Refund Policy?

You can get a full refund of your course purchase within 30 days of course enrolment, with our 30 day money back guarantee.

You can cancel your Academy Membership at any time during your subscription.

If you are cancelling your membership outside the initial 30 day money back guarantee period, a refund will not be issued for your account.

What payment methods do you accept?

- We accept all major credit cards like Visa, MasterCard and American Express, as well as PayPal
- The course fees are shown in USD \$
- Get in contact with us if you want to pay via bank transfer or check at john@myexcelonline.com
- If you need a Tax Invoice for your records, then this can be emailed to you.
- We are happy to complete any paperwork your company or government may require.

Now, let's hear what some of my students have said about this course...

Philomena

Project Administrator

You have exceeded my expectations and proven that there is so much more fun stuff to learn than just Pivot Tables. I will keep coming back to you for more!

A very detailed and well explained Excel course. I got a complete Excel user guide to use it more efficiently in my work. Thank you!

Ivett

Consultant

Fentje

Accountant

Last year I presented to our company's yearly budget meeting, and everybody - especially my CEO - were amazed with my Excel skills! The never saw such a beautiful Excel report. I was so proud of it!

Julie

Sales Analyst

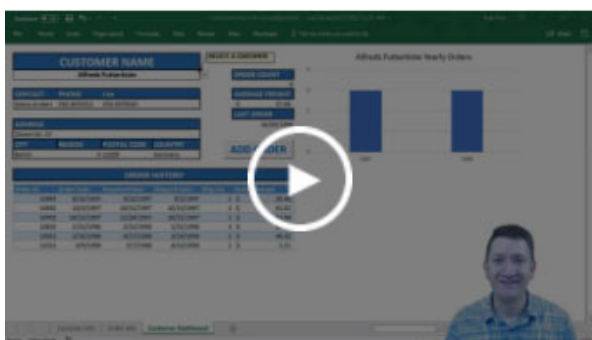

I was blown away by the dashboards in Excel. I made one for my boss, and she loved it so much that the requests for new dashboards are still coming in! I was up for my annual review last week and earned a significant raise, in part to my Excel dashboard and Pivot Table skills that I learned in your course. I'm now being recognized as a Sales Analyst, rather than just a project manager. Thank you!!
